140227-Wet Lake Update-DRAFT.pdf

Here is the latest draft. I looked at the copy this time and un-capitalized state, federal and superfund in the paragraph (just to make sure we are sticking to AP since they don't refer to specific titles) Small changes that I'm not attached to, just wanted to let you know so we're on the same page. Please let me know how to go forward from here!

Thanks,

Shannon Bond

One small problem – see below.

How You Can Be Involved

Get involved in the Community Advisory Group (CAG) (<http://www.westlakecag.org/>). A Superfund Community Advisory Group (CAG) is made up of members of the community and is designed to serve as the focal point for the exchange of information among the local community and EPA, the State regulatory agency, and other pertinent Federal agencies involved in cleanup of a Superfund site. EPA encourages residents to attend routine CAG meetings to stay informed.

See attached and let me know if you have any questions. When revised, send me the copy to review one last time. Then we will go with it. Thanks.
